

Aluminum CNC Milling Parts Powder Coating Zinc Plating

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Service: OEM/ODM
- Material: Aluminum, Steel, Stainless Steel, Etc.
- Tolerance: $\pm 0.01\text{mm}$
- Coating: Powder Coating, Zinc Plating, Etc.
- Size: Customized
- Lead Time: 7-15 Days
- Processing Method: CNC Milling
- Precision: High Precision
- Highlight: **Aluminum CNC Milling Parts,**
Zinc Plating CNC Milling Parts

Product Description

Product Description:

CNC Milling Parts are precision machined components made by Computer Numerical Control (CNC) machining. This process enables the production of complex, high-precision parts that are suitable for a wide range of industrial, automotive and other applications. The parts are produced with high accuracy and tight tolerances, ensuring high quality and repeatability. We offer a range of services, including OEM/ODM, to meet the needs of our customers. Our parts are available in a variety of materials, such as aluminum, steel, brass and plastic, and can be coated for additional protection, including powder coating, zinc plating and others. We also provide a range of packaging options, such as cartons and wooden cases, to ensure the safe delivery of the parts. With our experienced staff and advanced CNC milling machines, we are able to produce the highest quality parts with the highest precision.

Features:

Product Name: CNC Milling Parts
Surface Finish: Polishing, Anodizing, Plating, Etc.
Size: Customized
Equipment: CNC Milling Machine
Coating: Powder Coating, Zinc Plating, Etc.
Service: OEM/ODM
Computer Aided Machining Parts
Computer Aided Manufacturing Parts
Computer Numerical Control Milling Parts

Technical Parameters:

Parameters	Details
Tolerance	±0.01mm
Application	Industrial, Automotive, Etc.
Equipment	CNC Milling Machine
Lead Time	7-15 Days
Surface Finish	Polishing, Anodizing, Plating, Etc.
Packaging	Carton, Wooden Case, Etc.
Service	OEM/ODM
Material	Aluminum, Steel, Stainless Steel, Etc.
Size	Customized
Processing Method	Computer Programmed Machining Parts, Computer Numerical Control Milling Parts, Numerically Controlled Milling Parts

Applications:

YWY CNC Milling Parts, model number cnc101, is designed for industrial, automotive and other applications. This precision machining part is made with high-precision computer aided machining, with a tolerance of up to ± 0.01mm. Thanks to the advanced technology involved in the production process, the lead time is relatively short, usually 7-15 days. After machining, the parts can be further processed with powder coating, zinc plating and other treatments to provide a robust finish. YWY CNC Milling Parts are ideal for industrial, automotive and other precision machining applications, providing high-precision, high-quality parts at a reasonable cost.

Customization:

Customized CNC Milling Parts
Brand Name: ywy
Model Number: cnc101
Place of Origin: Guangdonghuizhou
Packaging: Carton, Wooden Case, Etc.
Equipment: CNC Milling Machine
Precision: High Precision
Surface Finish: Polishing, Anodizing, Plating, Etc.
Tolerance: ±0.01mm

We provide customized Computer Numerically Controlled (CNC) Milling Parts, Computer Aided Manufacturing (CAM) Parts and Numerically Controlled (NC) Milling Parts with high precision and surface finish. Our CNC Milling Parts are machined with advanced CNC milling machines to ensure the tolerance of $\pm 0.01\text{mm}$. We are able to customize the CNC Milling Parts according to your specifications and requirements. We also provide a wide range of packaging solutions such as carton, wooden case, etc. for your CNC Milling Parts.

Support and Services:

CNC Milling Parts provides technical support and services to its customers in order to ensure the highest levels of quality and reliability. Our technical support team is available 24/7, and provides assistance with product installation, troubleshooting, and general technical inquiries. We also offer a variety of services to help our customers maintain and service their products, including preventive maintenance, repairs, and upgrades. Our experienced team is dedicated to providing exceptional customer service and support.
