

Electronics Industrial Die Casting Components 3D 2D Drawing

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Payment: T/T, L/C, PayPal, Etc.
- Material: Aluminum, Zinc, Magnesium, Copper, Etc.
- Pressure: 0-500T
- Surface Finish: Polishing, Anodizing, Plating, Painting, Etc.
- Package: Wooden Case/Pallet
- Shipping: By Sea/Air/Express
- Application: Automotive, Electronics, Industrial, Etc.
- Mold Life: 50,000-1,000,000 Shots
- Highlight: **Industrial Die Casting Components, 2D Drawing Die Casting Components**

Product Description

Product Description:

Die Casting Components are precision parts made through a die casting process. They are available in a variety of sizes and shapes, and can be customized to meet the exact specifications of customers. The die cast parts feature excellent dimensional accuracy and surface finish, and are widely used for a variety of applications. Our die casting components are made from high quality materials such as aluminum, zinc, magnesium, copper, and other metals, and can be processed with various surface finishes, such as polishing, anodizing, plating, and painting. We also provide lost wax castings, magnesium alloy castings, metal injection moldings, and aluminum alloy castings for more specific applications. Our advanced die casting process ensures a mold life of 50,000-1,000,000 shots, providing customers with reliable and cost effective products.

Features:

Product Name: Die Casting Components

Design: 3D/2D Drawing

Shipping: By Sea/Air/Express

Tolerance: ± 0.01 mm

Weight: 0.1-50kg

Surface Finish: Polishing, Anodizing, Plating, Painting, Etc.

Material: Magnesium Alloy Castings, Gravity Castings, Metal Injection Moldings

Technical Parameters:

Parameters	Details
Size	Customized
Processing	Die Casting, CNC Machining, Sand Castings, High-pressure Die Castings, Lost Wax Castings, etc.
Shipping	By Sea/Air/Express
Tolerance	± 0.01 mm
Pressure	0-500T
Payment	T/T, L/C, PayPal, etc.
Surface Finish	Polishing, Anodizing, Plating, Painting, etc.
Design	3D/2D Drawing
Package	Wooden Case/Pallet
Lead Time	7-15 Days

Applications:

Die Casting Components from **ywy** are the ideal choice for a variety of applications, from low-pressure castings and high-pressure die castings to complex high-pressure die castings. Their **Model Number ywy444** offers the ultimate combination of strength, precision, and surface finish, with **designs ranging from 3D/2D drawings**. You can choose from a variety of **surface finishes**, including polishing, anodizing, plating, and painting. And, with their **place of origin in Guangdong, Hui Zhou**, you can rest assured that your components will be of the highest quality.

In addition, **ywy** Die Casting Components are available in a variety of package types, including wooden cases and pallets, and can be customized to suit your needs. What's more, with **weight ranging from 0.1-50kg** and a variety of **processing** options, including die casting and CNC machining, you can be sure to get the exact components you need.

Customization:

Die casting components

Brand Name: ywy

Model Number: ywy444

Place of Origin: Guangdong, Huizhou

Application: Automotive, Electronics, Industrial, Etc.

Lead Time: 7-15 Days

Size: Customized

Tolerance: ± 0.01 mm

Surface Finish: Polishing, Anodizing, Plating, Painting, Etc.

Lost Wax Castings: We provide high quality lost wax castings with excellent surface finish.

Aluminum Alloy Castings: We provide high quality aluminum alloy castings with excellent dimensional accuracy.
Zinc Alloy Castings: We provide high quality zinc alloy castings with superior mechanical properties.

Support and Services:

Technical Support and Services for Die Casting Components

We provide technical support and services for Die Casting Components in order to ensure that our clients have the best possible experience when using our products. Our technical support team is available 24/7 to help with any queries or issues that may arise. We also offer on-site technical training for staff to ensure they are familiar with our products.

Our services include:

- Troubleshooting
- Maintenance
- Repair and Replacement
- Upgrades and Enhancements
- Consulting and Advisory Services

We are committed to providing the highest quality of service and support for our customers. If you have any questions or need assistance, please do not hesitate to contact us.
