

Durability Customized Laser Cut Components Precision

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Tolerance: $\pm 0.1\text{mm}$
- Processing Method: Laser Cutting
- Application: Machinery, Automotive, Electronics, Etc.
- Color: Customized
- Shape: Customized
- MOQ: 1 Piece
- Lead Time: 7-15 Days
- Material: Stainless Steel, Aluminum, Brass, Copper, Etc.
- Highlight: **Customized Laser Cut Components, Precision Laser Cut Components**

Product Description

Product Description:

Laser Cut Sections, Laser Cut Parts, Laser Cutting Pieces are ideal for the production of intricate, complex, and detailed designs with precise tolerances. These parts are cut with laser technology providing a high level of accuracy and precision. We use laser-cutting machines to create custom shapes and sizes with a tolerance of $\pm 0.1\text{mm}$. The parts come in a wide range of colors and materials, making it easy to customize for your specific needs. The minimum order quantity for these products is 1 Piece and the packaging options include cartons, wooden cases, pallets, and more. Our experienced professionals strive to offer the highest quality products and services to customers.

Features:

Product Name: Laser Cutting Parts

Material: Stainless Steel, Aluminum, Brass, Copper, Etc.

Processing Method: Laser Cutting

Size: Customized

MOQ: 1 Piece

Surface Treatment: Polishing, Zinc Plating, Anodizing, Etc.

Specialty: Laser Cut Sections, Laser Cutting Pieces, Laser Cutting Elements

Technical Parameters:

Attribute	Value
Package	Carton, Wooden Case, Pallet, Etc.
Surface Treatment	Polishing, Zinc Plating, Anodizing, Etc.
Lead Time	7-15 days
Color	Customized
Shape	Customized
Processing Method	Laser Cutting
Tolerance	$\pm 0.1\text{mm}$
Size	Customized
Material	Stainless Steel, Aluminum, Brass, Copper, Etc.
Application	Machinery, Automotive, Electronics, Etc.

Applications:

YWY laser cut parts are made from high quality stainless steel, aluminum, brass, copper and other materials with thickness ranging from 0.5mm to 20mm. Our laser cut parts are customized in size and color, and able to meet the specific needs of our customers. The lead time for our laser cut parts is 7-15 days.

YWY laser cut sections are perfect for industrial and commercial applications. Whether you are looking for laser cutting pieces for an automotive project, a manufacturing project, an architectural project, or any other project, YWY laser cut parts can be customized to meet your specific needs. These laser cutting sections are designed for precision and accuracy and can be used for a variety of purposes.

YWY laser cut parts are ideal for a wide variety of applications. Whether you are looking for laser cut pieces for medical equipment, electronics, aerospace, automotive, or any other industry, YWY laser cut parts can be customized to meet your specific needs. Our laser cut parts are designed to be durable and reliable, providing you with long-term performance.

Whether you are looking for laser cut pieces for a small-scale project or a large-scale project, YWY laser cut parts are the perfect solution. Our laser cut parts are designed to provide you with the highest quality results and can be used for a variety of applications. From medical equipment to aerospace components, YWY laser cut pieces are designed to be reliable and efficient.

FAQ:

Q: What is the Brand Name of Laser Cutting Parts?
A: The Brand Name is ywy.
Q: What is the Model Number of Laser Cutting Parts?
A: The Model Number is ywy111.
Q: Where does Laser Cutting Parts come from?
A: Laser Cutting Parts is from guangdonghuizhou.
Q: What are the features of Laser Cutting Parts?
A: Laser Cutting Parts is characterized by high accuracy, fast speed, and wide range of applications.
Q: What materials can be used for Laser Cutting Parts?
A: Laser Cutting Parts can be used for cutting of metal and non-metal materials, such as carbon steel, stainless steel, aluminum, copper, plastic, etc.
