

OEM ODM Titanium CNC Components With $\pm 0.01\text{mm}$ Tolerance

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Surface Treatment: Polishing
- Service: OEM/ODM
- Size: Customized
- Payment Term: T/T, Paypal, Western Union
- Heat Treatment: Annealing/Normalizing
- Inspection: 100% Inspection
- MOQ: 1 Piece
- Processing Method: CNC Machining
- Highlight: **OEM Titanium CNC Components, ODM Titanium CNC Components**

Product Description

Product Description:

CNC Machined Titanium Parts are precision parts made from titanium alloy materials. They are highly corrosion resistant, lightweight, and offer excellent strength and durability. With very low MOQ at 1 piece, these parts can be used for a wide range of applications, such as industrial, medical, aerospace, etc. Our titanium parts are machined with high precision CNC machines and are made to the highest quality standards. We offer a variety of surface treatments, such as polishing, to meet your specific needs. We also provide OEM and ODM services to meet your exact specifications. Our titanium parts are designed to provide superior performance for any application. We can custom-make CNC machined titanium parts, CNC machined titanium components, and titanium parts to meet your exact requirements.

Technical Parameters:

Attributes	Details
Heat Treatment	Annealing/Normalizing
Processing Method	CNC Machining
Tolerance	$\pm 0.01\text{mm}$
Packaging	Carton/Wooden Case
Size	Customized
Application	Industrial, Medical, Aerospace, Etc.
Surface Treatment	Polishing
Drawing Format	PDF/DWG/IGS/STP/X_T
Payment Term	T/T, Paypal, Western Union
Inspection	100% Inspection
Product Name	CNC Titanium Components, Titanium Machined Parts, Titanium CNC Components, Custom Titanium Parts

Applications:

ywy CNC Titanium Parts offer a wide range of **CNC machined titanium parts** with high-precision tolerance and superior quality. Our **CNC titanium parts** are ideal for applications in industries such as aerospace, automotive, medical, and manufacturing. They are also available in a range of shapes and sizes to meet your specific needs. Our **titanium machined parts** are manufactured using the latest CNC machining technology and advanced materials to ensure reliable performance and superior quality. Our **CNC machined titanium parts** are precision-engineered to meet the most stringent requirements for tolerance, heat treatment, and inspection. We use premium grade titanium for our **CNC machined titanium parts** and we guarantee a tolerance of $\pm 0.01\text{mm}$. We offer a variety of heat treatment options including annealing and normalizing to ensure your parts are durable and reliable. We also provide 100% inspection of all our **titanium machined parts** to ensure they meet the highest quality standards. Our **CNC titanium parts** are available with **Model Number cnc505**, and **Origin Place guangdonghuizhou**. We accept payment terms such as T/T, Paypal, and Western Union. We are a trusted **CNC machined titanium parts supplier** and we guarantee the highest quality parts and superior customer service.

Customization:

We offer CNC Machined Titanium Parts, CNC Titanium Machining Components, and CNC Titanium Machining Parts from YWY with model number cnc505. All pieces are manufactured in Guangdong Huizhou with OEM/ODM services. Heat treatment processes such as annealing and normalizing are available. We guarantee 100% inspection with $\pm 0.01\text{mm}$ tolerance and our minimum order quantity is one piece.

Support and Services:

CNC Titanium Parts provides technical assistance and services to ensure the quality and performance of its products. The company offers a variety of technical services, including installation and start-up assistance, product customization, technical support,

troubleshooting, and preventive maintenance. The company also offers product training and education services to help customers understand and successfully use the product. CNC Titanium Parts also provides a variety of customer service options, including telephone and online support, as well as onsite service and repair. Customers can contact the company's customer service team for assistance with product inquiries, order tracking, and returns. The company also offers a 30-day money-back guarantee for customers who are unsatisfied with their purchase.

Packing and Shipping:

Packaging and Shipping of CNC Titanium Parts

CNC Titanium Parts are packaged and shipped with the utmost care and attention. Our team takes special care to ensure that the parts are secure and protected during transport. All parts are carefully wrapped in protective material and placed in a cardboard box or other suitable container for safe shipping.

We use reliable shipping companies to deliver CNC Titanium Parts to our customers. All shipments are tracked and insured, and we provide our customers with regular updates on the status of their orders. Our team ensures that all parts arrive in perfect condition with no damage.
