

Polishing Customized CNC Stainless Steel Parts for Your Manufacturing Needs

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc303

Product Specification

- Shipping: By Sea/Air/Express
- Material: Stainless Steel
- Package: Carton/Wooden Box
- Inspection: 100% Inspection
- Surface Treatment: Polishing
- Tolerance: $\pm 0.01\text{mm}$
- Drawing Format: PDF/DWG/IGS/STP
- Processing Method: CNC Machining
- Highlight: **Polishing CNC Stainless Steel Parts,
Customized CNC Stainless Steel Parts**

Product Description

Product Description:

The CNC Stainless Steel Components feature a tolerance of $\pm 0.01\text{mm}$, which means that they are extremely accurate and precise in dimension. This makes them suitable for use in industries that require high precision components such as aerospace, medical, and automotive industries.

These Stainless Steel Fabricated Parts are available for shipping by sea, air, or express, depending on the customer's preference and urgency. This ensures that the parts are delivered to the customers in a timely and efficient manner.

The CNC Stainless Steel Machining parts come with a polished surface treatment which enhances their aesthetic appeal. This makes them suitable for use in industries that require components that not only perform well but also look good.

Quality is of utmost importance when it comes to CNC Stainless Steel Parts. Therefore, these parts undergo 100% inspection to ensure that they meet the highest quality standards. This guarantees that the parts are free from defects and are of the highest quality.

The size of these parts can be customized to meet the specific requirements of the customers. This makes them suitable for use in various applications such as valves, pumps, medical instruments, and automotive components.

Features:

Product Name: CNC Stainless Steel Parts

Surface Treatment: Polishing

Processing Method: CNC Machining

OEM/ODM: Acceptable

Drawing Format: PDF/DWG/IGS/STP

Package: Carton/Wooden Box

This CNC Stainless Steel Component is a high quality Stainless Steel Part that is CNC machined to perfection. Our product undergoes a polishing treatment to achieve a smooth and shiny surface. We accept OEM/ODM requests and can work with a variety of drawing formats including PDF, DWG, IGS, and STP. The product is packaged in either a carton or wooden box to ensure safe delivery.

Technical Parameters:

Product Name	CNC Stainless Steel Component
Material	Stainless Steel Machined Part
Drawing Format	PDF/DWG/IGS/STP
Shipping	By Sea/Air/Express
Processing Method	CNC Machining
Surface Treatment	Polishing
OEM/ODM	Acceptable
Lead Time	7-15 Days
Package	Carton/Wooden Box
Inspection	100% Inspection
MOQ	1 Piece
Application	Industrial Equipment

Applications:

The ywy cnc303 is a high-quality Stainless Steel CNC Machined Part that is perfect for a variety of applications. It is manufactured in Guangdong Huizhou, ensuring top-notch quality and reliability. The product is shipped by sea, air, or express, making it accessible to customers worldwide. Additionally, the cnc303 is available for OEM/ODM orders, which means that it can be customized to meet any customer's specific needs.

The cnc303 is a Stainless Steel Precision Part that is expertly crafted using CNC Stainless Steel Machining. The result is a product that is incredibly precise and meets the highest standards of quality. The surface treatment of the cnc303 is polishing, which gives it a smooth and shiny finish.

The cnc303 is suitable for a wide range of product application occasions and scenarios. It can be used in industries such as aerospace, automotive, medical, and many others. The product is ideal for applications that require precision and durability, as it is made from high-quality stainless steel.

The cnc303 is also perfect for use in prototyping and research and development projects. Its precision and reliability make it an ideal tool for testing and experimentation. The product is designed to withstand even the most demanding applications, making it a versatile and dependable tool for engineers and researchers.

The cnc303 is available for purchase in quantities as low as one piece, making it accessible to everyone. The product is packaged in either a carton or wooden box, depending on the customer's preference.

Customization:

Support and Services:

Our CNC Stainless Steel Parts are designed and manufactured to meet the highest standards of quality and precision. We offer a range of technical support and services to ensure that our customers get the most out of their parts:

Expert advice on installation and use

Customization and modification services to meet specific needs

Quality control and testing to ensure optimal performance

Regular maintenance and repair services

Our team of experienced professionals is dedicated to providing top-notch support and service to ensure that our customers are satisfied with their CNC Stainless Steel Parts and can rely on them for their machining needs.

Packing and Shipping:

Product Packaging:

All CNC stainless steel parts will be securely packed in bubble wrap to prevent damage during transit.

The parts will then be placed in a sturdy cardboard box for additional protection.

The box will be sealed with packing tape to prevent any accidental opening during shipping.

Shipping:

We offer shipping via various carriers including UPS, FedEx, and DHL.

Shipping costs will be calculated based on the weight and destination of the package.

Once the order has been processed and shipped, a tracking number will be provided to the customer.

Delivery times will vary depending on the shipping method selected and the destination.

FAQ:

Q: What is the brand name of this product?

A: The brand name is ywy.

Q: What is the model number of this product?

A: The model number is cnc303.

Q: Where is this product manufactured?

A: This product is manufactured in guangdonghuizhou.

Q: Is this product made from stainless steel?

A: Yes, this product is made from stainless steel.

Q: What is the lead time for this product?

A: The lead time for this product varies depending on the quantity ordered and other factors. Please contact us for more information.
