

## 100% Assurance Customized Anodized CNC Machined Components with Milling Processing

### Our Product Introduction

for more products please visit us on [precision-cncparts.com](http://precision-cncparts.com)

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

#### Product Specification

- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Delivery Method: DHL, FedEx, UPS, Etc.
- Quality Control: 100% Inspection Before Shipment
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Size: Customized
- Tolerance:  $\pm 0.01\text{mm}$
- Lead Time: 7-15 Days
- Highlight: **100% Assurance CNC Machined Components, Milling Processing CNC Machined Components, Customized Anodized CNC Machined Components**

## Product Description

### Product Description:

Our CNC-manufactured components are available in customized sizes, tailored to your unique requirements. We utilize the latest CNC machining technology to produce accurate and consistent parts, ensuring that your machinery operates at its best. We offer a variety of surface treatments for our CNC Machined Parts, including anodizing, plating, painting, and more. This enhances the appearance of the parts while also protecting them from corrosion and wear and tear. Our CNC Machined Parts are manufactured using a variety of processing methods, including CNC machining, turning, milling, and more. This allows us to create complex and intricate parts with high precision and accuracy. We understand the importance of timely delivery, which is why we offer fast and reliable delivery methods such as DHL, FedEx, UPS, and more. You can trust us to deliver your CNC-manufactured components on time, every time. We take pride in our commitment to quality, which is why we ensure that our CNC Machined Parts have a tolerance of  $\pm 0.01\text{mm}$ . This means that you can trust that your parts will fit perfectly and operate effectively in your machinery. In summary, our CNC Machined Parts product offers high-quality, custom-made CNC-manufactured components that are crafted with precision and accuracy. With a variety of surface treatments, processing methods, and fast delivery options, you can trust us to deliver the perfect parts for your machinery or equipment needs.

### Features:

Product Name: CNC Machined Parts

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Quality Control: 100% Inspection Before Shipment

Application: Automotive, Aerospace, Medical, Etc.

MOQ: 1 Piece

Processing Method: CNC Machining, Turning, Milling, Etc.

Our CNC Machined Parts are top-quality Computer-Numerically-Controlled parts that are produced using Computer-Aided Manufacturing technology. With a MOQ of only 1 piece, our parts are perfect for a variety of industries, including automotive, aerospace, and medical applications. Our rigorous quality control process ensures that every part is thoroughly inspected before shipment. Processing methods include CNC machining, turning, milling, and more.

### Technical Parameters:

Technical Parameter	Description
Application	Precision machined parts for Automotive, Aerospace, Medical, Etc.
Tolerance	$\pm 0.01\text{mm}$
OEM/ODM	Acceptable
Size	Customized
Delivery Method	DHL, FedEx, UPS, Etc.
Processing Method	CNC Machining, Turning, Milling, Etc.
Packaging	Standard Export Carton Or Customized
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Quality Control	100% Inspection Before Shipment
Lead Time	7-15 Days

### Applications:

Our products are ideal for various product application occasions and scenarios. Here are some examples:

**Automotive Industry:** Our computerized machining parts are essential components in the automotive industry. They are used in the engine, transmission, and suspension systems, among others.

**Aerospace Industry:** Our CNC-machined components are also used in the aerospace industry. They are used in the construction of aircraft engines, landing gear, and other parts.

**Medical Equipment:** Our computer-controlled machining parts are also used in the medical equipment industry. They are used in surgical instruments, imaging devices, and other medical equipment.

**Electronic Industry:** Our CNC-machined parts are also used in the electronic industry. They are used in the manufacturing of electronic products such as computers, smartphones, and other electronic devices.

Our products are packed using high-quality materials such as EPE foam, anti-rust paper, stretch film, and plastic bags. The packaging details can be customized to meet the specific needs of the client. We have a fast delivery time of 1 day and offer different payment terms to our clients.

Our products are of high quality, and we ensure that they undergo 100% inspection before shipment. We can deliver our products using various methods such as DHL, FedEx, and UPS. Our processing methods include CNC machining, turning, milling, among others. We have a supply ability of 1000000 Piece/Pieces per Month, and our packaging is done using standard export cartons or customized to meet the client's specific needs. We have a minimum order quantity of 1 piece, making it easy for our clients to order.

### Customization:

Our CNC machined parts are fully customizable to meet your specific needs and requirements. As part of our product customization services, we offer:

Brand Name: yuanwenyu

Model Number: 1X893, OEM

Place of Origin: Guangdong, China

Certification: 1

Minimum Order Quantity: 50 pieces

Price: \$2.35 - \$12.68/pieces

Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton

Delivery Time: 1

Payment Terms: 1

Supply Ability: 1000000 Piece/Pieces per Month

Lead Time: 7-15 Days

Drawing Format: PDF, DWG, IGS, STEP, Etc.

Size: Customized

Processing Method: CNC Machining, Turning, Milling, Etc.

Tolerance: ±0.01mm

Our computer-aided manufacturing parts, computer-numerically-controlled parts, and computer-controlled machining parts are made with precision and accuracy to ensure optimal performance and durability. Our team of experts will work closely with you to understand your requirements and provide you with the best possible solution tailored to your needs. Contact us today to learn more about our product customization services.

### Support and Services:

Our CNC Machined Parts are designed and manufactured to the highest standards of quality and precision. We offer technical support and services to ensure that our customers receive the best possible performance from our products. Our team of experienced professionals is available to answer any questions or concerns that you may have regarding installation, operation, or maintenance of our CNC Machined Parts. We also offer repair and replacement services to minimize downtime and ensure that your equipment is always running at peak performance. Contact us for more information about our technical support and services.

### Packing and Shipping:

Product Packaging:

The CNC Machined Parts will be securely packed in boxes with cushioning materials to prevent any damage during transportation.

Shipping:

Shipping of the CNC Machined Parts will be done through reliable and trusted shipping providers. The shipping cost will be calculated based on the weight and destination of the package and will be added to the total cost of the order.

### FAQ:

**Q1: What is the brand name of the CNC Machined Parts?**

A1: The brand name of the CNC Machined Parts is yuanwenyu.

**Q2: What are the certifications of the CNC Machined Parts?**

A2: The CNC Machined Parts are certified with one certification.

**Q3: What is the minimum order quantity for the CNC Machined Parts?**

A3: The minimum order quantity for the CNC Machined Parts is 50 pieces.

**Q4: What is the price range for the CNC Machined Parts?**

A4: The price range for the CNC Machined Parts is between \$2.35 to \$12.68 per piece.

**Q5: What is the supply ability for the CNC Machined Parts?**

A5: The supply ability for the CNC Machined Parts is 1000000 Piece/Pieces per month.
